

SiSiB® DF1130 Silicone Defoamer

INTRODUCTION

SiSiB® DF1130 is a general-purpose silicone defoamer provides effective foam control in paper pulp processing, metalworking fluids, textile treatments, laundering, and fabric dyeing.

BENEFITS

- Excellent ability to break foam
- Good dispersibility

PHYSICAL PROPERTIES

Appearance	White emulsion
Solid content (%)	30
Solubility in water	Soluble

APPLICATIONS

SiSiB® DF1130 may be added directly to the foaming system or pre-diluted with thickened water.

Slight separation or sedimentation may occur during storage; Gentle stir before use will re-homogenize the product without affecting its performance.

PACKING

SiSiB® DF1130 defoamer is supplied in 200KG drum and it can be customized according to the special needs.

HANDLING

This document does not contain the product safety information required for safe use. Before handling, please refer to the product and safety data sheets, as well as container labels, for information on safe usage, physical hazards, and health risks. Safety Data Sheet is available on the website, from the distributor, or by contacting SiSiB customer service.

STORAGE

When stored at temperatures between 10°C and 35°C in the original unopened containers, SiSiB® DF1130 has a shelf life of 12 months from the date of production.
