

Version 7.1Y

Page 1 / 7

Revision Date 22.05.2025

SECTION 1: Identification of the substance/mixture and of the company

Product Identifier

Product Name: SiSiB® PC17514

Relevant identified uses of the substance or mixture and uses advised against

Relevant applications identified: Cosmetics

Details of the supplier of the safety data sheet

Company

Nanjing SiSiB Silicones Co., Ltd.
Guanghua Sci & Tech Industrial Zone,
No. 104, Guanghua Road, Nanjing 210007, P.R.China
Email: SDS@SiSiB.com

Emergency Telephone Number: +86-25-8468-0091

SECTION 2: Hazardous identification

Emergency Overview

Classification of the substance or mixture

Does not belong to dangerous substances or mixtures.

Other hazards

no data available

SECTION 3: Composition/information on ingredients

Chemical Characterization Mixture
Physical Form Paste
Color Light Brown

Ingredients

Chemical Name	CAS No.	% (w/w)
CYCLOPENTASILOXANE	541-02-6	55-75
PEG-10 DIMETHICONE	68937-54-2	20-30
DISTEARDIMONIUM HECTORITE	97280-96-1	5-15

SECTION 4: First aid measures

Description of first aid measures

General advice

Consult a doctor. Show this safety data sheet to the doctor on site.

If inhaled

Version 7.1Y

Page 2 / 7

Revision Date 22.05.2025

If inhaled, remove victim to fresh air. Get medical attention if you feel unwell.

In case of skin contact

Wash with soap and plenty of water. Get medical attention if irritation occurs.

In case of eye contact

Flush eyes thoroughly with water for several minutes. Remove contact lenses after the first 1-2 minutes and continue rinsing for several minutes. If irritation occurs, get medical attention, preferably an ophthalmologist.

If swallowed

Do not induce vomiting. Never give anything by mouth to an unconscious person. Rinse mouth with water. Consult a doctor.

Most important symptoms and effects, both acute and delayed

No data available

Indication of any immediate medical attention and special treatment needed

No data available

Special tips for doctors

No data available

SECTION 5: Firefighting measures

Extinguishing media

Suitable extinguishing media

Use dry powder, dry sand, or alcohol-resistant foam.

Unsuitable extinguishing media

Do not use straight water.

Special hazards arising from the substance or mixture

Silicon oxide. Carbon oxides.

Advice for firefighters

In case of fire, wear self-contained breathing apparatus. Cool unopened containers with a water spray. Evacuation area. Collect contaminated extinguishing water separately. Do not dispose of it into drains. Fire residues and contaminated extinguishing water must be disposed of in accordance with local regulations.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Remove all sources of ignition. Avoid dust generation. Avoid breathing vapour, mist or gas. Follow safe handling recommendations and personal protective equipment recommendations.

Environmental precautions:

When safe to do so, prevent further spills or leaks. Do not allow chemicals to enter drains. Discharge into

Version 7.1Y

Page 3 / 7

Revision Date 22.05.2025

the environment must be avoided. Retain and dispose of contaminated wash water. If a large spill cannot be contained, local authorities should be notified.

Methods and materials for containment and cleaning up

Sweep and shovel away. Contain spillage, collect spillage with anti-electric vacuum cleaner or wet brush and place in container for disposal according to local regulations. Place in a suitable closed container for disposal.

Reference to other sections

See Section 13 for other disposal measures.

SECTION 7: Handling and storage

Precautions for safe handling

Avoid formation of dust and aerosols. Provide suitable exhaust ventilation where dust is formed. Keep away from fire. No smoking. Take steps to prevent static buildup.

Conditions for safe storage, including any incompatibilities

Keep it tight. Store in a cool, well-ventilated place.

SECTION 8: Exposure Controls/Personal Protection

Occupational Exposure Limits

There are no known national exposure limits.

Biological Limits

No data available

Monitoring method

No data available

Engineering Controls

Use local exhaust ventilation or other engineering controls to keep airborne levels below exposure limit requirements or guidelines. Handle in accordance with good industrial hygiene and safety practice. Wash your hands before breaks and at the end of work.

Personal protective equipment

Respiratory protection

Respiratory protection should be worn when exposure limits or guidelines are likely to be exceeded. For protection against dust damage, use a type N95 (US) or type P1 (EN 143) dust mask. Respirators use respirators and parts that have been tested and passed government standards such as NIOSH (US) or CEN(EU).

Eye/face protection

Use safety glasses (with side shields). Safety glasses (with side shields) shall comply with EN 166 or equivalent.

Body Protection

Version 7.1Y	Page 4 / 7	Revision Date 22.05.2025
--------------	------------	--------------------------

Permeable clothing, the type of protective equipment must be selected according to the concentration and amount of the hazard in the particular workplace.

Skin protection

wear gloves. The selected protective gloves must comply with the specifications given in Regulation (EU) 2016/425 and the EN 374 standard derived from it.

Control of environmental exposure

Take steps to prevent further leaks or spills if safe to do so. Do not allow product to enter drains.

SECTION 9: Physical and Chemical Properties

Information on basic physical and chemical properties

Appearance	Paste
Color	Light Brown
Odor	characteristic smell
Odor Threshold	no data available
pH	no data available
Melting point/freezing point	no data available
Boiling point or initial boiling point and boiling range	no data available
Flash point	no data available
Evaporativity	no data available
Flammability	no data available
Combustion value	no data available
Vapor pressure	no data available
Relative vapor density	no data available
Density/Relative density	1.00 g/cm ³
Water solubility:	no data available
Surface tension	no data available
Partition coefficient n-octanol/ water	no data available
Autoignition temperature	no data available
Ignition temperature	no data available
Decomposition temperature	no data available
Viscosity	no data available
Explosive properties	no data available
Particle characteristics	no data available
Oxidizing properties	no data available

The above information is for reference only.

SECTION 10: Stability And Reactivity

Stability

Stable under normal conditions.

Hazardous reactions

May react with strong oxidizing agents.

Conditions to avoid

Heat, flames and sparks.

Incompatibilities

Strong oxidants.

Hazardous decomposition products

Carbon monoxide (CO); carbon dioxide (CO₂); silicon dioxide.

SECTION 11: Toxicological Information

Information on toxicological effects

Acute toxicity

no data available

Skin corrosion/irritation

no data available

Serious eye damage/eye irritation

no data available

Respiratory or skin sensitization

no data available

Germ cell mutagenicity

no data available

Carcinogenicity

no data available

Reproductive toxicity

no data available

Specific target organ toxicity - single exposure

no data available

Specific target organ toxicity - repeated exposure

no data available

Aspiration hazard

no data available

Additional Information

no data available

SECTION 12: Ecological Effects

Version 7.1Y

Page 6 / 7

Revision Date 22.05.2025

Toxicity

no data available

Persistence and degradability

no data available

Bioaccumulative potential

no data available

Mobility in soil

no data available

Results of PBT and vPvB assessment

no data available

Endocrine disrupting properties

no data available

Other adverse effects

no data available

SECTION 13: Disposal considerations

Waste shall not be discharged into sewers, water bodies, and oil. Chemicals and packaging materials shall not pollute ponds, water sources, or sewers. The disposal of surplus and non recyclable waste shall be entrusted to an approved company for destruction.

Product Disposal

Dispose according to local regulations.

Packaging Disposal

Dispose according to local regulations.

SECTION 14: Transport Information

UN number

no data available

UN proper shipping name

no data available

Transport hazard class(es)

no data available

Packing group

no data available

Environmental hazards

no data available

Special precautions for user

Version 7.1Y

Page 7 / 7

Revision Date 22.05.2025

no data available

Transport in bulk according to IMO instruments

no data available

SECTION 15:Regulatory Information

Law of the China on the Prevention of Occupational Diseases

Classification list of occupational disease hazards: not included.

Regulations on the Safety Management of Hazardous Chemicals

Hazardous Chemicals Catalogue (2018): Not included.

Registration Measures for Environmental Management of Hazardous Chemicals

Key Environmental Management Hazardous Chemicals Catalogue (2014): Not included.

Regulations on the Administration of Narcotic Drugs and Psychotropic Substances

List of Narcotic Drugs (2013): not included.

List of psychotropic drug varieties (2013): not included.

Environmental Management Measures for New Chemical Substances

List of Existing Chemical Substances in China: Not Listed.

Other regulations

Meet the following regulatory requirements:

Regulations on the Safety Management of Hazardous Chemicals State Council Order No. 591

GB/T 16483 Chemical Safety Data Sheet Content and Project Sequence

GB/T 17519 Guidelines for the preparation of chemical safety technical specifications

GB 13690 General Rules for Classification and Hazard Disclosure of Chemicals

GB 30000.2-29 Code for classification and labeling of chemicals

SECTION 16:Other Information

Further information

It must be recognized that the physical and chemical properties of any product may not be fully understood and that new, possibly hazardous products may arise from reactions between chemicals. The information given in this data sheet is based on our present knowledge and shall not constitute a guarantee for any specific product features and shall not establish a legally valid contractual relationship.
