

西斯博环境政策

SiSiB Environmental Policy

版本号 / Version: V2.1

发布日期 / Issue Date: 2025-05-19

适用范围 / Scope: 适用于南京西斯博有机硅有限公司及相关运营活动。

Applicable to Nanjing SiSiB Silicones Co., Ltd. and related operational activities.

一、政策声明

1. Policy Statement

西斯博重视环境保护、可持续发展及企业社会责任，并鼓励在经营活动中持续关注资源利用、环境影响、污染预防及长期可持续运营。

SiSiB values environmental protection, sustainable development and corporate social responsibility and encourages continuous attention to resource utilization, environmental impact, pollution prevention and long-term sustainable operations throughout business activities.

结合有机硅及化工行业特点，公司鼓励建立合规、规范及持续改进的环境管理体系，并努力降低运营活动对环境可能产生的影响。

Based on the characteristics of the silicone and chemical industry, the Company encourages the establishment of a compliant, structured and continuously improving environmental management system while striving to reduce potential environmental impacts associated with operational activities.

二、环境与可持续发展原则

2. Environmental & Sustainability Principles

西斯博鼓励以下环境与可持续发展原则：

SiSiB promotes the following environmental and sustainability principles:

- 遵守适用环境法律法规； compliance with applicable environmental laws and regulations;
- 推动污染预防； promotion of pollution prevention;
- 合理利用能源与资源； responsible use of energy and resources;
- 加强废弃物管理； strengthening waste management;
- 关注危险化学品环境风险； attention to environmental risks related to hazardous chemicals;
- 鼓励员工参与环境管理； encouraging employee participation in environmental management;
- 支持长期可持续发展； supporting long-term sustainable development;
- 持续优化环境管理表现。 continuous improvement of environmental performance.

三、环境法律法规与合规

3. Environmental Legal Compliance

公司鼓励遵守适用环境法律法规及相关管理要求，并结合实际运营情况持续完善环境管理措施。

The Company encourages compliance with applicable environmental laws, regulations and related management requirements while continuously improving environmental management measures according to operational conditions.

公司可结合实际情况关注并识别适用环境法规、危险化学品管理要求及相关环境风险。

The Company may identify and monitor applicable environmental regulations, hazardous chemical management requirements and related environmental risks according to operational conditions.

员工应根据岗位职责合理开展相关工作，并共同维护规范、安全及整洁的工作环境。

Employees are expected to perform work activities according to job responsibilities and jointly maintain a compliant, safe and clean workplace.

四、环境管理职责

4. Environmental Management Responsibilities

公司管理层鼓励建立合理、规范及持续改进的环境管理体系。

Company management encourages a reasonable, structured and continuously improving environmental management system.

包括但不限于：

Including but not limited to:

- 推动环境管理改善； promoting environmental management improvement;
- 支持环境培训； supporting environmental training;
- 加强环境风险识别； strengthening environmental risk identification;
- 优化资源利用； improving resource utilization;
- 鼓励员工参与环境管理。 encouraging employee participation in environmental management.

员工应根据岗位要求遵守相关环境管理规定，并及时反馈环境异常情况。

Employees are expected to comply with relevant environmental management requirements according to job responsibilities and promptly report environmental abnormal situations.

五、污染预防与环境风险控制

5. Pollution Prevention & Environmental Risk Control

西斯博鼓励在运营过程中关注污染预防及环境风险控制。

SiSiB encourages attention to pollution prevention and environmental risk control during operations.

包括但不限于：

Including but not limited to:

- 化学品规范储存； proper chemical storage;

- 危险废弃物规范管理； proper hazardous waste management;
- 泄漏风险控制； spill risk control;
- 减少资源浪费； reduction of resource waste;
- 保持工作区域整洁； maintaining clean work areas;
- 加强环境异常情况管理。 strengthening management of environmental abnormal situations.

公司鼓励员工及时反馈环境相关风险或异常情况。

The Company encourages employees to promptly report environmental risks or abnormal situations.

六、水资源、能源与碳减排管理

6. Water, Energy & Carbon Reduction Management

西斯博鼓励合理利用水资源、能源、包装材料及其他运营资源。

SiSiB encourages responsible use of water resources, energy, packaging materials and other operational resources.

公司鼓励：

The Company encourages:

- 节约用电； electricity conservation;
- 节约用水； water conservation;
- 减少材料浪费； reduction of material waste;
- 合理使用办公资源； responsible office resource usage;
- 优化包装与物流； optimization of packaging and logistics;
- 关注能源利用效率； improving energy efficiency;
- 支持长期低碳运营方向。 supporting long-term low-carbon operational practices.

七、气体排放与空气质量管理

7. Emissions & Air Quality Management

结合化工行业特点，公司鼓励关注气体排放及空气质量管理。

Based on the characteristics of the chemical industry, the Company encourages attention to emissions and air quality management.

包括但不限于：

Including but not limited to:

- 保持工作区域通风； maintaining workplace ventilation;
- 关注异常气味管理； managing abnormal odors;
- 合理控制挥发性物质； responsible control of volatile substances;
- 加强泄漏风险管理； strengthening spill risk management;
- 支持环境合规运营。 supporting environmentally compliant operations.

八、废弃物与危险化学品管理

8. Waste & Hazardous Chemical Management

公司鼓励按照相关要求对废弃物进行分类、收集、储存及处理。

The Company encourages waste classification, collection, storage and disposal according to relevant requirements.

包括但不限于：

Including but not limited to:

- 一般废弃物； general waste;
- 危险废弃物； hazardous waste;
- 化学品包装废弃物； chemical packaging waste;
- 办公废弃物。 office waste.

公司鼓励加强危险化学品环境风险管理。

The Company encourages strengthened environmental risk management related to hazardous chemicals.

包括但不限于：

Including but not limited to:

- SDS 管理； SDS management;
- 标签识别； label identification;
- 分类储存； proper segregation;
- 泄漏防控； spill prevention;
- 安全处置。 safe disposal.

未经授权，不得随意排放、倾倒或处置相关废弃物。

Relevant waste shall not be discharged, dumped or disposed of improperly without authorization.

九、产品责任与生命周期管理

9. Product Responsibility & Lifecycle Consideration

西斯博鼓励关注产品在储存、运输、使用及相关运营环节中的安全与环境影响。

SiSiB encourages attention to product safety and environmental impact during storage, transportation, usage and related operational stages.

公司鼓励：

The Company encourages:

- 提供 SDS 与标签信息； providing SDS and labeling information;
- 关注产品安全运输； supporting safe product transportation;
- 加强客户安全使用沟通； strengthening customer safety communication;
- 优化包装使用； optimizing packaging usage;
- 关注产品生命周期相关环境影响。 considering environmental impact throughout relevant product lifecycle stages.

十、供应链与绿色采购

10. Supply Chain & Green Procurement

公司鼓励在供应链合作过程中关注环境与可持续发展要求。

The Company encourages attention to environmental and sustainability requirements throughout supply chain cooperation.

包括但不限于：

Including but not limited to:

- 关注供应商环境合规； attention to supplier environmental compliance;
- 鼓励合理资源利用； encouraging responsible resource utilization;
- 支持绿色采购理念； supporting green procurement principles;
- 关注危险物质管理。 attention to hazardous substance management.

十一、生物多样性与环境影响关注

11. Biodiversity & Environmental Impact Awareness

西斯博鼓励关注运营活动对周边环境及生态系统可能产生的影响。

SiSiB encourages attention to the potential impact of operational activities on surrounding environments and ecosystems.

公司鼓励通过合理运营管理降低环境风险，并支持长期可持续发展方向。

The Company encourages reducing environmental risks through responsible operational management and supporting long-term sustainable development.

十二、环境培训与员工参与

12. Environmental Training & Employee Participation

西斯博鼓励员工提升环境保护意识及相关岗位环境管理能力。

SiSiB encourages employees to improve environmental awareness and environmental management capability related to their positions.

公司可结合实际情况开展相关环境培训。

The Company may conduct environmental-related training according to operational conditions.

员工应积极参与相关培训，并共同维护良好环境管理秩序。

Employees are expected to actively participate in related training and jointly maintain sound environmental management practices.

十三、环境目标与持续改进

13. Environmental Objectives & Continuous Improvement

西斯博鼓励结合实际运营情况持续优化环境管理体系及环境表现。

SiSiB encourages continuous improvement of environmental management systems and environmental performance according to operational conditions.

公司鼓励：

The Company encourages:

- 提升资源利用效率； improving resource utilization efficiency;
- 优化运营管理； optimizing operational management;
- 加强风险识别； strengthening risk identification;
- 完善环境培训； improving environmental training;
- 减少环境风险； reducing environmental risks;
- 推动长期可持续发展。 promoting long-term sustainable development.

十四、附则

14. Final Provisions

14.1 文件解释权

14.1 Interpretation Rights

本政策由西斯博管理层负责解释与更新。

This Policy shall be interpreted and updated by SiSiB management.

14.2 更新机制

14.2 Update Mechanism

公司可根据法律法规变化、运营情况、客户审核要求及实际管理需求对本政策进行更新。

The Company may update this Policy based on changes in laws and regulations, operational conditions, customer audit requirements and actual management needs.

14.3 生效日期

14.3 Effective Date

本政策自发布之日起实施。

This Policy shall take effect from the date of issuance.
