

SECTION 1: Identification of the substance/mixture and of the company

Product Identifier

Product Name SiSiB® PC11358

INCI Name Silica

Relevant identified uses of the substance or mixture and uses advised against

Relevant applications identified Cosmetics

Details of the supplier of the safety data sheet

Company

Nanjing SiSiB Silicones Co., Ltd.
Guanghua Sci & Tech Industrial Zone,
No. 104, Guanghua Road, Nanjing 210007, P.R.China
Email: SDS@SiSiB.com

Emergency Telephone Number +86-25-8468-0091

SECTION 2: Hazardous identification

Emergency overview Not a hazardous substance or mixture

GHS Classification Not a hazardous substance or mixture

GHS Label Elements Not a hazardous substance or mixture

Statements Symbol None

Signal Word None

Precautionary Statement Prevention

P261 Avoid breathing spray

P264 Wash hands thoroughly after handling.

P270 Do not eat, drink or smoke when using this product.

P271 Use only outdoors or in a well-ventilated area

Physical and Chemical Hazards Not classified based on available information

Health Hazards Not classified based on available information

Environmental Hazards Not classified based on available information

Other Hazards None known.

SECTION 3: Composition/information on ingredients

Chemical characterization Substance

Ingredients

Chemical Name	CAS No.	%(w/w)
Silica	7631-86-9	100

SECTION 4: First aid measures

Version 8.1AW	Page 2 / 6	Revision Date 2026-05-11
---------------	------------	--------------------------

Eye	Immediately flush with water.
Skin	No first aid should be needed.
Inhalation	No first aid should be needed.
Oral	Get medical attention.
Comments	Treat symptomatically.

SECTION 5: Firefighting measures

Extinguishing Media	On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO ₂), dry chemical or water spray. Water can be used to cool fire exposed containers.
Fire Fighting Measures	Self-contained breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Use water spray to keep fire exposed containers cool. Determine the need to evacuate or isolate the area according to your local emergency plan.
Unusual Fire Hazards	None.
Hazardous Decomposition Product	Carbon monoxide, carbon dioxide.

SECTION 6: Accidental release measures

Personal precautions, protective equipment and emergency procedures

Use personal protective equipment.

Environmental precautions

Discharge into the environment must be avoided.

Containment/Clean up

Remove possible ignition sources. Determine whether to evacuate or isolate the area according to your local emergency plan. Wipe up or scrape up and contain for salvage or disposal. Clean area as appropriate since some silicone materials, even in small quantities, may present a slip hazard. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbant or cleaning materials appropriately, since spontaneous heating may occur. Laws and regulations may apply to releases and disposal of this material, as well as those materials and items employed in the cleanup of releases. You will need to determine which laws and regulations are applicable.

SECTION 7: Handling and storage

Handling Precautions

Use with adequate ventilation. Avoid eye contact. Avoid breathing vapor. Keep container closed. Do not take internally. Wash your hands after handling, especially before having lunch.

Storage Condition

Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding or inert gas purge. Keep container closed and away from heat, sparks, and flame.

SECTION 8: Exposure Controls/Personal Protection

Exposure Limits

Not determined

Personal Protection

Eyes

Use proper protection-safety glasses as a minimum.

Skin

Washing at mealtime and end of shift is adequate.

Inhalation

No respiratory protection should be needed.

Suitable Gloves

No special protection needed.

Suitable Respirator

None should be needed.

Note:

These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions.

SECTION 9: Physical and Chemical Properties

Physical Form

White Powder

Odor

Odorless

Specific Gravity (25°C)

1.25-1.35

Flash point

≥100°C (closed cup)

Melting point

Not determined.

Boiling point

Not determined.

Vapor pressure (25°C)

Not determined.

Vapor density (air=1)

Not determined.

Partition coefficient (n-octanol/water)

Not determined.

Auto-ignition temperature

Not determined.

Decomposition temperature

Not determined.

Evaporation Rate

Not determined.

Flammability (solid, gas)

Not applicable.

SECTION 10: Stability And Reactivity

Chemical stability

Stable

Hazardous Polymerization

Hazardous polymerization will not occur.

Conditions to avoid

None

Materials to Avoid

Oxidizing material can cause a reaction.

SECTION 11: Toxicological Information

Information on toxicological effects

Information on likely routes of exposure

Inhalation, skin contact, ingestion, eye contact.

Acute toxicity

Not classified based on available information.

Skin corrosion/irritation

Not classified based on available information.

Serious eye damage/eye irritation

Not classified based on available information.

Respiratory or skin sensitization

Skin sensitization

Not classified based on available information.

Respiratory sensitization

Not classified based on available information.

Germ cell mutagenicity

Not classified based on available information.

Carcinogenicity

Not classified based on available information.

Reproductive toxicity

Not classified based on available information.

STOT-single exposure

Not classified based on available information.

STOT-repeated exposure

Not classified based on available information.

Aspiration toxicity

Not classified based on available information.

Product

No aspiration toxicity classification.

SECTION 12: Ecological Effects

Aquatic and Terrestrial Ecotoxicity

Ecotoxicity Effects

Acute

No adverse effects on aquatic organisms are predicted.

Chronic

No adverse effects on aquatic organisms are predicted.

Fate and Effects in Waste

Water Treatment Plants

No adverse effects on bacteria are predicted. The siloxanes in this product do not contribute to the BOD.

Environmental Effects

In soil, siloxanes are degraded. No bioaccumulation potential.

Complete information is not yet available.

Fate and Effects in Waste Water treatment plants

Complete information is not yet available.

Results of PBT and vPvB assessment

Not relevant.

SECTION 13: Disposal considerations

When a decision is made to discard this material, as received, it is not classified as a hazardous waste. No State or local laws may impose additional regulatory requirements regarding disposal.

SECTION 14: Transport Information

UN number	Not regulated as a dangerous good.
DOT Road shipment Information	Not subject to DOT.
Ocean Shipment (IMDG)	Not subject to IMDG code.
Air Shipment (IATA)	Not subject to IATA regulations.

SECTION 15: Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture

Regulation (EC) No 649/2012 of the European Parliament and the Council concerning the export and import of dangerous chemicals: Not applicable

Regulation (EC) No 1005/2009 on substances that deplete the ozone layer: Not applicable

Regulation (EC) No1272/2008 on classification, labeling and packaging of substances and mixtures: Not a hazardous substance or mixture

REACH-Candidate List of SVHC for authorization: Not applicable

Take note of "Regulations of Safe Use of Chemicals in Workplace", Ministry of Chemical Industry, 1996, 20th, Dec.

SECTION 16: Other Information

Further information

It must be recognized that the physical and chemical properties of any product may not be fully understood and that new, possibly hazardous products may arise from reactions between chemicals. The
