

Version 5.1R

Page 1 / 5

Revision Date 28.02.2020

SECTION 1: Identification of the substance/mixture and of the company**Product Identifier**

Product Name: SiSiB® PC12691

Chemical Name: C20-24 Alkyl Dimethicone

Relevant identified uses of the substance or mixture and uses advised against

Relevant applications identified: Cosmetics

Details of the supplier of the safety data sheet**Company**

Nanjing SiSiB Silicones Co., Ltd.

Guanghua Sci & Tech Industrial Zone,

No. 104, Guanghua Road, Nanjing 210007, P.R.China

Email: SDS@SiSiB.com

Emergency Telephone Number: +86-25-8468-0091**SECTION 2: Hazardous identification****Emergency overview:** Not a hazardous substance or mixture**Label Elements Including Precautionary****Statements Symbol:** None**Signal Word:** None**Hazard Risk Statement:** Not hazardous**Precautionary Statement**

Do not breathe dust. Use in a well ventilated area.

IF in eyes: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Wear suitable protective clothing, gloves and eye/face protection.

Other Hazards:

None known.

SECTION 3: Composition/information on ingredients**Chemical characterization:** Substances**Hazardous Ingredients:** Not hazardous**SECTION 4: First aid measures****Eye:** Immediately flush with water.**Skin:** No first aid should be needed.**Inhalation:** No first aid should be needed.**Oral:** No first aid should be needed.

Version 5.1R

Revision Date 28.02.2020

Comments: Treat symptomatically.

SECTION 5: Firefighting measures

Autoignition Temperature: Not determined.

Flammability limited in air: Not determined.

Extinguishing Media: On large fires use dry chemical, foam or water spray. On small fires use carbon dioxide (CO₂), dry chemical or water spray. Water can be used to cool fire exposed containers.

Fire Fighting Measures: Self-contained breathing apparatus and protective clothing should be worn in fighting large fires involving chemicals. Use water spray to keep fire exposed containers cool. Determine the need to evacuate or isolate the area according to your local emergency plan.

Unusual Fire Hazards: None.

Hazardous Decomposition Products
Thermal breakdown of this product during fire or very high heat conditions may evolve the following hazardous decomposition products: Carbon oxides and traces of incompletely burned carbon compounds. Silicon dioxide. Formaldehyde.

SECTION 6: Accidental release measures

Containment/Clean up:
Determine whether to evacuate or isolate the area according to your local emergency plan. Observe all personal protection equipment recommendations described in 8 and 10. For large spills, provide diking or other pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absorbent. Clean area as appropriate since some silicone materials, even in small quantities, may present a slip hazard. Final cleaning may require use of steam, solvents or detergents. Dispose of saturated absorbent or cleaning materials appropriately, since spontaneous heating may occur. Local, state, and federal laws and regulations may apply to releases and items employed in the clean up of releases. You will need to determine which federal, state and local laws and regulations are applicable.

SECTION 7: Handling and storage

Handling Precautions

Use with adequate ventilation. Avoid eye contact. Avoid breathing vapor. Keep container closed. Do not take internally. Wash your hands after handling, especially before having lunch.

Storage Condition

Static electricity will accumulate and may ignite vapors. Prevent a possible fire hazard by bonding and grounding or inert gas purge. Keep container closed and away from heat, sparks, and flame.

SECTION 8: Exposure Controls/Personal Protection

Exposure Limits	No exposure limits
Personal Protection	
Eyes:	Use proper protection-safety glasses as a minimum.
Skin:	Washing at mealtime and end of shift is adequate.
Inhalation:	No respiratory protection should be needed.
Suitable Gloves:	No special protection needed.
Suitable Respirator:	None should be needed.
Note:	These precautions are for room temperature handling. Use at elevated temperature or aerosol/spray applications may require added precautions.

SECTION 9: Physical and Chemical Properties**Information on basic physical and chemical properties**

Physical Form	Wax
Color	White
Odor	Slight characteristic odor
Specific Gravity (@ 25°C)	0.800~0.850
Flash point	≥100°C (Open cup)
Melting point	31~38°C
Boiling point	> 35°C/95°F
Vapor pressure (@ 25°C)	Not determined
Vapor Density (air=1)	Not determined
Partition coefficient: n-octanol/water	Not determined
Auto-ignition temperature	Not determined
Decomposition temperature	Not determined
Evaporation rate	Not determined
Flammability (solid, gas)	Not determined
pH	Not determined

SECTION 10: Stability And Reactivity

Chemical stability	Stable
Hazardous Polymerization	Hazardous polymerization will not occur.
Conditions to avoid	None
Materials to Avoid	Oxidizing material can cause a reaction. Water, alcohols, acidic or basic materials, and many metals or metallic compounds, when in contact with product, liberate flammable

Version 5.1R

Revision Date 28.02.2020

hydrogen gas, which can form explosive mixtures in air.

SECTION 11: Toxicological Information

Sensitizing Effects:	None known.
Mutagenic Effects:	None known.
Reproductive Effects:	None known.

SECTION 12: Ecological Effects**Aquatic and Terrestrial Ecotoxicity****Ecotoxicity Effects:**

Acute: No adverse effects on aquatic organisms are predicted.

Chronic: No adverse effects on aquatic organisms are predicted.

Fate and Effects in Waste**Water Treatment Plants**

No adverse effects on bacteria are predicted. The siloxanes in this product do not contribute to the BOD.

Environmental Effects

No adverse effects on aquatic organisms are predicted.

Fate and Effects in Waste Water treatment plants

No adverse effects on bacteria are predicted.

SECTION 13: Disposal considerations

When a decision is made to discard this material, as received, it isn't classified as a hazardous waste. No State or local laws may impose additional regulatory requirements regarding disposal.

SECTION 14: Transport Information**DOT Road shipment Information:**

Normal transport, Not subject to IATA regulations.

Ocean Shipment (IMDG):

Normal transport, Not subject to ADR/RID.

Air Shipment (IATA):

Normal transport, Not subject to IMDG code.

SECTION 15: Regulatory Information

"Regulations of Safe Use of Chemicals in Workplace", Ministry of Chemical Industry, 1996, 20th, Dec.

Version 5.1R
