

# SiSiB<sup>®</sup> WR0812

## Water Repellent for Concrete

### CHEMICAL STRUCTURE

### INTRODUCTION

SiSiB<sup>®</sup> WR0812 is clear colorless liquid with a characteristic odor.

SiSiB<sup>®</sup> WR0812 is suitable for water-repellent impregnation of construction materials (**especially concrete and reinforced concrete**). It increases their resistance to alkalis and reduces water absorption, thus improving durability. SiSiB<sup>®</sup> WR0812 is practically insoluble in water. It hydrolyze slowly in the presence of moisture (ethanol is released) to form reactive silanols, which can react with themselves to produce siloxanes.

### TYPICAL PHYSICAL PROPERTIES

|                            |   |
|----------------------------|---|
| CAS No.                    | 35435-21-3  |
| EINECS No.                 | 252-558-1   |
| Formula                    | C <sub>14</sub> H <sub>32</sub> O <sub>3</sub> Si |
| Molecular Weight           | 276.49  |
| Boiling Point              | 236°C [760mmHg]                                   |
| Flash Point                | >40°C   |
| Color and Appearance       | Colorless clear liquid                            |
| Density <sub>25/25°C</sub> | 0.879   |
| Refractive Index           | 1.4160 [20°C]                                     |
| Active Component           | 98.0%   |

### APPLICATIONS

SiSiB<sup>®</sup> WR0812 can be used to render a wide range of surfaces and materials water repellent (e.g. construction materials, fillers), **especially concrete and reinforced concrete**.

# SiSiB<sup>®</sup> WR0812

## *Water Repellent for Concrete*

SiSiB<sup>®</sup> WR0812 can be used as a surface modifier to generate hydrophobicity and to increase compatibility to organic non polar matrices.

SiSiB<sup>®</sup> WR0812 can be used in the production of silane crosslinking formulations.

### PACKING AND STORAGE

SiSiB<sup>®</sup> WR0812 is supplied in 175Kg steel drum.

In the unopened original container SiSiB<sup>®</sup> WR0812 has a shelf life of one year in a dry and cool place.

### NOTES

All information in the leaflet is based on our present knowledge and experience. We reserve the right to make any changes according to technological progress or further developments. Performance of the product described herein should be verified by testing.
